Program Optimization - Dryden Group

Daniel Bromley: 16.10.2017 at 11:45 am So based on personal experience: 1. Private Sector (not in pure procurement role admittedly) - found this intellectually tough as there was a bigger ask in terms of broader business knowledge from truly understanding impact of law, regulation, customer contracts, pricing, delegations/company policies, insurance, truly mitigating risk rather than just ...

Public vs private sector procurement - The differences ...

Last week, I shared what got me excited about early stage procurement technology investing in a series of five themes (really tailwinds driving the sector generally from a start-up perspective).. In a series of columns the rest of this summer, I'll share 10 theories that I believe will drive investments in earlier-stage (angel/seed and Series A/B) start-ups in the procurement technology market.
