Games Of Strategy Unsolved Exercises

The Ottawa Police Service is launching a new task force to review unsolved homicides, many of whose victims were young men from marginalized communities. During a media briefing Monday, Insp. Carl Cartright said the task force will include officers from diverse backgrounds, with a range of skill sets, in an attempt to build public trust and convince witnesses to come forward.

Police task force to probe unsolved homicides

A version of the vertical slice + placeholder that I'm intrigued by is the "playable skeleton". With this strategy, you create a full version of the game that is playable end-to-end as inexpensively as possible. And then you perform subsequent polishing passes until the game reaches a shippable state.

The game of Hex is an easy to describe board game for two players (Google "Hex game" to find a description). The game has many interesting features. For example: one of the two players must win, the first player to move should (theoretically) win, and nobody knows a strategy to guarantee that the first player wins.
