Know Your Tattoo Machine. Guys and gals, I am not going to beat around the bush when it comes to your tattoo machine. If the tattoo machine is not set correctly, or the points are not maintained for a good connection, then you are going to have a hell of a stressful time if you don't know how to manage the basic mechanics of your machine.

Getting Started, Setting Up, and Getting Ready to Tattoo ...

When setting up a workstation to tattoo, your key focus is creating an aseptic area. You want to limit the possibility that anything you do or touch will lead to the contamination of your tools (beyond the tattoo), yourself, and your client. Because of this most pressing need, a proper workstation is only possible in a licensed tattoo studio.
